

# PARKNASILLA RESORT AND SPA

One of Ireland's most idyllic locations, Parknasilla Resort has been wowing guests for generations! Parknasilla Resort & Spa encompasses a historic hotel, indulgent spa, spacious apartments and a 12-hole golf course all surrounded by the Kerry mountains and overlooking the panoramic views of Kenmare Bay and with 500 acres of parkland the resort offers a whole range of activities including fishing, tennis, archery, clay pigeon shooting, 7 mapped walks. A stunning resort spa, swimming pool, thermal suites and outdoor hot tubs to give you plenty to choose from during your stay.

For generations the resort has captured the hearts and imaginations of many, its name conjures up a scene so magical it takes your breath away, a haven of rest and relaxation, an escape from stress, a place as inspiring as it is spectacular.

With its lush green fairways flanked by the Kenmare Bay and the Kerry mountains and set beside the ruins of Derryquin Castle, Parknasilla Golf Course is a must for golfers visiting Kerry and ideal for guests and visitors looking to relax with a fantastic round of Golf.

Step out of the hotel and find yourself on the 12-hole golf course within minutes. The course has a par 69 with one par five and two par threes. Whatever your handicap, you'll have an opportunity to open your shoulders safely on some holes and do so at your peril on others, thanks to a clever mix of open and tight fairways.

Discover true putting surfaces all year round on the sand based greens and find out why Irish golfing legend Christy O'Connor Jnr is so impressed by our fifth hole.

Finish your round with the two most memorable holes on the Parknasilla course. Shoot the green on the eleventh and your ball will find the saltwater of the Atlantic ocean while the twelfth is spectacularly placed in Kenmare Bay between large pines that skirt both sides of the fairway.
